GARDNER DENVER

We are pleased to announce that **we are a contracted export distributor of Gardner Denver products** and are able to offer the following:

Reciprocating compressors and compressor packages including small tank mounted models to 600 HP two-stage. Engine driven models also available.

Pre-engineered rotary screw package. All come on steel skids fully enclosed. Just connect the power and air lines and you're in business.

Blowers and blower packages include Sutorbilt, DuroFlow, and CycloBlower series. Vertical or horizontal is no problem.

Pumps and pump packages include Gardner Denver, Ajax, and OPI. From skid or trailer mounted mud pumps to well stimulation pumps.

Gardner Denver Draworks, rotary tables, swivels, and traveling blocks.

Gardner Denver AirTrac, HydraTrac, and down the hole hammer rigs and spares.

Gardner Denver Portable air compressors and spares.

We also have a full line of support products as follows:

Aeon lubricants for all compressors and blowers

Air/Oil separators

Particulate and coalescing filters

Refrigeration and regenerative dryers

Drill rods, couplings, & drill bits

Pneumatic hammer chisels andmoil points
